

Attachment Processing Test Results - February 2026

Test Category	Files Tested	Success Rate	Avg Processing Time
PDF Documents	847	95.2%	3.4s
PNG Images	423	92.8%	2.1s
JPEG Images	356	94.1%	2.3s
DOCX Files	189	97.3%	4.2s
XLSX Files	134	91.7%	5.1s

Testing Summary

Comprehensive testing of attachment processing capabilities across multiple file formats. The system demonstrates high success rates for document processing, with particular strength in PDF and Office document handling. Image processing shows excellent OCR accuracy for technical diagrams and screenshots.

Key Findings

- Text extraction accuracy: 96.3% average across all formats
- Table structure preservation: 94.7% for complex layouts
- Handwriting recognition: 89.2% accuracy for legible text
- Multi-language support: 92.1% accuracy for non-English content
